Dear 

STAT

As you know, in the course of the past six months, we've been trying to provide more direct visibility for the work of your Committee. Coupled with this is the notion also of direct guidance from our office and more importantly from Bill Colby. Your help in developing Letters of Instruction, regular reporting, and input into a range of substantive issues has been most valuable and responsive to the Director's needs.

The USIB Committee Chairmen provide an extremely important energizing arm of the DCI. No doubt your work will increase through 1975. I wish we could promise more help.

Year end provides me a good opportunity to express a private and personal thank you.

Best wishes for the holiday.

Sincerely,

STAT

Associate Deputy to the D/DCI for
the Intelligence Community
